Mr. H. LeValley,
51 Broad Street,
Providence, R. I.

Dear Sir:-

Many of the coin dealers publish premium lists giving the amount paid for rare United States coins. I believe one of these books is printed by the Arnold Numismatic Company of Providence, R. I. and you could probably secure the information you desire from that Company.

As this Society is not a business organization but merely maintains a Museum of coins, we do not publish a catalogue and seldom buy any coins.

Very truly yours,

Assistant to the Curator.
